# Wrestlers Face Opponents as Team

This year's wrestling season started out on a bleak note, since many of our powerhouses had left us, yet finished with a good record. Many of the younger wrestlers who came out for the first time learned quickly and aided the team effort, while our returning lettermen consistently wrestled well. The return of our coaches from the previous year continued to have a positive impact on team moral and unity. Tournaments this year proved to be as exciting as last year's with the prospect of several state entrants. This year has been a real team effort with all the support from other team members, coaches and parents.
