Striving for the Best

Practice started early for the wrestlers. In early November, to prepare for the first meet, the Rochester Invite, they "did a lot of running, lifting weights, and just wrestling around," said Dan Pickett (11). According to captain Chris Thompson (12), the season showed a "good record, great attendance and great effort from everyone on the team."

The team's good attitude helped them achieve their highlight of the season which was defeating Mayo. It was a very close meet and came down to the 189 pound match in which Adam Maves (9) escaped a pin to seal JM's victory.

Tragedy stuck the team with the loss of Chris Smoot (12). The team dedicated the second half of the season to his memory, motivating them to strive for their best efforts.
